If you are planning to upgrade from an MCAD or MCSD on .NET certification to a Microsoft Certified Professional Developer certification, you do not need to first obtain an MCTS certification. You will earn the applicable MCTS certifications when you pass the upgrade exam(s) for MCPD: Windows Applications Developer, MCPD: Web Applications Developer, or MCPD: Enterprise Applications Developer.

Courses must be taken within a 12 month period from the date of the first course attended. The first course must be attended within one month of purchase.
