

MCTS Certification Package

Enterprise Project Management with Microsoft Office Project Server 2007

Microsoft Certified Technology Specialist

The MCTS: Microsoft Office Project Server 2007 certification for managing projects provides industry recognition to project managers and other professionals who use Microsoft Office Project Professional 2007 and Office Project Server 2007 to manage and support projects in an enterprise environment. Candidates for this credential may use Office Project 2007 or Office Project Server 2007 to manage project and non-project efforts, risks, issues, documents, task progress, and timesheets. Candidates should be familiar with the key project management concepts and terminology found in the Project Management Institute's "A Guide to the Project Management Book of Knowledge" (PMBOK Guide).
