

PRINCE2™ Conversion Certification

Duration

2 days (Instructor-led)

Introduction

The course takes up where the foundation course ends and prepares the delegates for the Practitioner examination, or the re-qualification examination. The primary objective of this course is to prepare delegates for the Practitioner examination.

Audience

As per the Practitioner course, or anyone wishing to re-qualify for the Practitioner Certificate.

Prerequisites

Delegates wishing to attend this course must hold a current PRINCE2™ Foundation Certificate, achieved within the last two years, or a Practitioner Certificate that is due for renewal.

Examination

The Practitioner examination is a 3 hour written paper based on a single scenario. It is an open-book format, where the 3 questions may be answered with the aid of the PRINCE2™ manual and any written reference material.

The re-qualification examination is similar in style and format, but only 1 question has to be answered and that question is at the discretion of the candidate.

Delegates should be aware that some evening study will be required on the Thursday evening, in order to assist in the successful completion of the examination

Course Outline

Day 1

PRINCE2™ Review, if appropriate
Practitioner Exam technique / structure
Practise examination questions
Summary, Exam technique & Strategy

Day 2

PRACTITIONER EXAMINATION

Follow-On Courses

Project Planning and Control techniques
Project Planning and Control techniques using Microsoft Project
Microsoft Project
ITIL

PRINCE2™ has been designed as a project management method for use on any type of project. However, it does not cover the use of very many techniques, so we are pleased to offer a course that picks up where PRINCE2™ stops – Project Planning and Control Techniques (PPCT). This course offers a practical, hands-on approach to a number of different techniques in everyday use. PRINCE2™ does not cover the use of any supporting tools; therefore we have adapted the Project Planning and Control Techniques course to include the use of the latest version of Microsoft Project.

Pygmalion PRINCE2 Conversion Package

The Conversion package costs **£550** (+ VAT) including courseware, refreshments, lunch in local restaurants and attendance certificate. [Additional discounts apply for group bookings of 3 delegates or more.](#) Please contact us for more details.

Courses must be taken within a 12 month period from the date of the first course attended. The first course must be attended within one month of purchase.
